

BWC

Winery and Brewery

CALL 208-343-1903 or 1-800-821-1594 TO ORDER

BWC has dozens of high quality specialty items designed to clean & maintain your winery or brewery. Some of our most popular products are listed below.

ENVIRO-TERRA CONCENTRATE (LA-135)

- As mild as dish soap, with the performance of an acid
- Safe acid-replacement cleaner with a 1 pH
- Removes rust, scale, lime, mold, grease and beerstone from virtually any surface
- Non-toxic, non-corrosive, non-fuming and biodegradable
- Available in 4 X 1 Gal. / Case; Also available in ready-to-use 12 Qt. / Case size

BEER LINE CLEANER (LA-764)

- Cleans beer lines, beer taps, faucets and cooling coils
- Non-foaming liquid cleaner is formulated to eliminate residues and deposits in beer and wine dispensing lines of up to 100 feet
- Flushes out lines and taps to keep them clean and fresh and helps maintain the true flavor and aroma of beverages
- Can also be used as a soak solution for faucet parts, strainers & other sink & bar accessories
- Available in 4 X 1 Gal. / Case

TRIPLE ZERO CLEANER / DEGREASER (LA-421X)

- BUTYL-FREE, Safe but potent cleaner / degreaser
- One the safest industrial strength multipurpose cleaners / degreaser available today.
- It rates a zero in the three NFPA categories of health, flammability and reactivity, yet it's strong enough to dissolve dirt, grease, oil, food deposits and stains.
- Deodorizes as it cleans with a fresh, pleasant fragrance.
- Available in 12 X 1 Qt. / Case or 4 X 1 Gal. / Case

BWC HDC-115 CLEANER/DEGREASER (LF-220X)

- BWC's proprietary formula is specifically designed for use in commercial & institutional cleaning and is great for any general cleaning or degreasing task
- Use it to clean equipment, mop waxed floors, clean woodwork and walls, remove greasy buildup on non-food contact surfaces in kitchens, clean greasy spots from carpets, and remove black heel marks from flooring
- Available in 4 X 1 Gal. / Case, 5 Gal. Pails and 55 Gal. Drum

METAL CLEANER AND POLISH (formerly STEEL SHINE) (AT-142) NSF certified water-based metal cleaner & polish

Economical and environmentally sound solution aerosol for metal polishing. Formulated as a light cream containing food grade ingredients. Removes tough, oil-based stains, water marks, spots, and stains from all metal surfaces. Odorless cream clings to vertical surfaces and is safe for use in confined areas such as elevators. Perfect for stainless steel surfaces that may contact water such as drinking fountains and restroom surfaces. Leaves no greasy film. (12 X 16 oz. Net Wt. / Case)

STAINLESS STEEL CLEANER WIPES (DA-1549) Wipes designed to clean, polish & protect stainless steel surfaces

Stainless Steel Cleaner Wipes are the most effective wipes available to clean, polish and protect stainless steel surfaces in one easy step. The high-performance formula contains d-Limonene and mineral oil to remove grease, grime, smudges, fingerprints and watermarks. Helps extend the life of equipment by protecting against corrosion. 9.5" x 12" wipe. Wall-mount Canister Holder (EA-3105) available. (6 X 40 / Canister / Case)

DELETE FOAM DOWN - FOOD GRADE (LF-543001) General purpose, food grade defoaming agent

A stable silicone emulsion for use as a general purpose defoaming agent in food and beverage processing plants. This product is extremely effective in preventing foam generation. An excellent choice for tank cleanin. (5 Gal. Pail)

[BWC offers a wide variety of products. See our catalog for a more extensive product list.](#)

EQUIPMENT MAINTENANCE

BWC SANI-LUBE FOOD EQUIPMENT LUBRICANT (AT-945) *NSF certified food grade oil spray lubricant*

Super pure, food grade oil. Lubricates rings, slides, pistons, seals, and other food equipment parts that may have incidental food contact. Provides a thin, water-resistant film. Contains no silicones or solvents - only food grade ingredients. (12 X 16 oz. Net Wt. / Case)

BWC SILICONE (FG) FOOD GRADE (AT-590) *Silicone-based lubricant - food grade*

Use as a lubricant, release agent, water repellent, protective coating and polish. May be used on food processing equipment as a protective anti-rust film and as a release agent on gaskets in locations in which there is exposure of the lubricated part to food. Safe for incidental food contact on machinery used for producing, manufacturing, packing, processing, preparing, treating, packaging, transporting or holding food. Heat stable from -40°F to +392°F. Contains no chlorinated solvents. (12 X 11 oz. Net Wt. / Case)

WHITE FOOD GRADE GREASE (DT - 598) *NSF certified high purity white grease*

High purity grease that meets FDA and USDA requirements. Outstanding load carrying ability and a wide temperature range performance enabling one grease to meet nearly all requirements of the food industries. Excellent water and steam resistance

SANITIZING / DISINFECTING PRODUCTS

SANITIZING SPRAY - FOOD CONTACT SURFACES (LA-169) *Previously cleaned food contact surfaces sanitizer spray*

Surface Sanitizing Spray is designed for use in industrial kitchens, food processing plants and other areas where sanitization of food contact surfaces is of prime importance. This product will sanitize previously cleaned and rinsed, non-porous, food contact surfaces in 60 seconds without requiring a water rinse. Can also be used to sanitize the shells of egg when used as directed. *NSF D2 certified.* (12 X 1 Qt. / Case)

SURFACE SANITIZING WIPES - FOOD & NON-FOOD *No rinse surface sanitizing wipes - food & non-food*

No rinse surface sanitizing wipes are non-woven and pre-saturated with a versatile broad-spectrum sanitizer that has multiple uses on a wide variety of non-porous food and non-food surfaces. This product was tested in accordance with AOAC methods and meets EPA requirements for sanitizing previously cleaned, food-contact surfaces. Available in two sizes: **DA-1566** (6 X 100 ct / canister / case) & **DA-1566R** (2 X250 ct refill bag / case)

WESCODYNE GERMICIDE (LS-NJ138) *Detergent disinfectant effective on a broad range of bacteria*

Wescodyne Germicidal Detergent is an iodophor based detergent disinfectant with a broad range of activity against bacteria including TB (*Mycobacterium tuberculosis*), viruses including HIV-1 (AIDS), and fungi. Recommended for use on walls, floors, counter tops, rest rooms, shower areas, refuse containers, and other hard non-porous environmental surfaces. It can also be used to sanitize glasses, dishware, pots, pans, and utensils in food service operation and to sanitize previously cleaned food contact surfaces. (4 X 1 Gal. / Case)

BIODET ND-32 DISINFECTANT (LI-R122X) *Disinfecting scented floor cleaner*

Multipurpose, neutral pH detergent and deodorant cleans, disinfects and deodorizes in one step. For use on hard, nonporous surfaces. Bactericidal, virucidal, fungicidal and mildewstatic. Effective against HIV-1 (AIDS virus), hepatitis B and C, influenza A, herpes I and II, staph, pseudomonas and salmonella. Available Lemon or Pine Scented. Economical dilution (1:32). Super concentrated. (4 Gal. / Case)

- **BIODET ND-64 CONCENTRATED DISINFECTANT – LEMON (LI-R272)** economical (1:64) dilution. (4 Gal. / Case)

DRAIN MAINTENANCE

BIO-ACTION (LA-528) *NSF L2 certified thickened drain opener, maintainer, build-up remover*

BIO-ACTION is a non-caustic, non-acidic drain opener, maintainer and build-up remover. It uses multi-cultured bacteria and free enzymes to keep drains free-flowing and also prevents future clogs and build-ups. (12 pints / case)

L.E.A.D. (LFT-18604 / LFT-18655) *Liquid enzyme and digestant*

L.E.A.D. (Liquid Enzyme And Digestant) is a suspension treatment of specially developed synergized bacteria that are aerobic and anaerobic in nature. L.E.A.D. is extremely effective in food service & kitchen applications. (Available in 4 X 1 Gal. / Case or 55 Gal. Drums)

HAND CARE PRODUCTS

- BWC CITRA CLEAN HAND CLEANER (LA-4402) *Waterless citrus hand cleaner with pumice***
 - BWC NATURALLY CLEAN HAND CLEANER (LA-4432) *Waterless heavy-duty hand cleaner w/o grit***
 - BWC SANITIZING GEL (LA-2702) *Waterless germ killing sanitizer with aloe***
